

SF1001

Twirlyvent Roof Ventilator

Skydome® SF1001 TwirlyVent

To Specify

“Natural ventilation to be ‘Skydome SF1001Twirlyvent ’ as manufactured by Skydome Skylight Systems Ltd, phone 131424.

Model: SF1001 Twirlyvent
 Roof Type: please specify (refer order codes below)

Features

- ❖ Exhausts hot air from the roof cavity.
- ❖ Injection moulded vane design and twin precision stainless steel bearings, provide superior performance in light breezes and won't rust or corrode.
- ❖ Easily installed into most roof types using Skydomes unique roof profiles..
- ❖ In combination with air intakes (intake grilles can be located in ceiling or under eaves) this system provides cross ventilation of the roof cavity for improved performance.

Model (for required roof profile)
