NEW! SKYDOME®

Press Formed into CORRUGATED Profile

The Skydome® skylight remains the number one choice when it comes to delivering natural light to any area of the home. Installing a Skydome® provides the freedom to design any room away from the exterior walls with the ease of knowing that you can provide natural light and ventilation in a cost and energy efficient way.

A Skydome® skylight will suit most types of roofing profiles and now comes offered in two unique flashing styles; traditional one-piece flashing and **NEW** press formed flashing pre-fitted into corrugated profile.

Tested to Australian Standards (AS4285), the Skydome® skylight provides protection from harmful UV rays (99% UV Skyguard™) and are guaranteed not to leak.

Designed with an emphasis on Australian construction methodology and the harsh Australian climate, the Skydome® skylight system will make your rooms come alive!

SKYDOME®

NEW Press Formed Skydome® for Corrugated Roofs

The NEW press formed Skydome® for corrugated roof profiles, closes off the corrugations perfectly. This reduces the usage of sealants resulting in a perfect seal.

The benefit of the rear in-built soaker tray eliminates pooling behind the skylight, which on low pitched roofs helps reduce corrosion, maintaining maximum service life.

Skydome® has been established since 1976 and is proudly Australian owned; your guarantee of quality workmanship and materials.

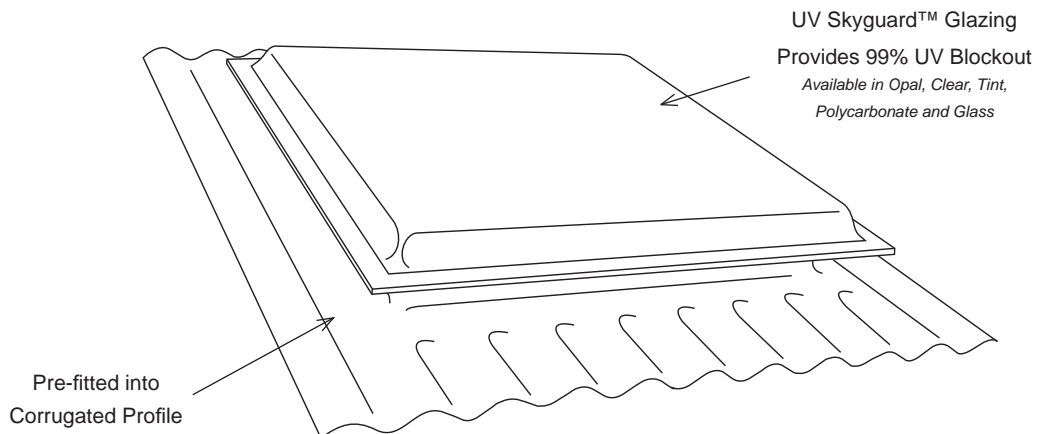

- ☑ Guaranteed leakproof to AS4285/1995
- ☑ Can be colour matched to the roof
- ☑ 7 year manufacturer's warranty
- ☑ Pre-fitted into corrugated profile
- ☑ Quick and easy installation
- ☑ In-built soaker tray
- ☑ Full accessory range
- ☑ Vent or non-vent option available
- ☑ Full compatibility with Zinalume® and Colorbond®

PRESSED CORRUGATED SELECTION CHART
