# SKYDOME®

The Original PYRAMID Skydome®

The Skydome® skylight remains the number one choice when it comes to delivering natural light to any area of the home. Installing a Skydome® provides the freedom to design any room away from the exterior walls with the ease of knowing that you can provide natural light and ventilation in a cost and energy efficient way.

Tested to Australian Standards (AS4285), the Skydome® skylight provides protection from harmful UV rays (99% UV Skyguard) and are guaranteed not to leak.

Designed with an emphasis on Australian construction methodology and the harsh Australian climate, the Skydome® skylight system will make your rooms come alive!

# SKYDOME®

# The Original Pyramid Skydome®

The original Pyramid Skydome® is still one of the largest skylights available on the Australian market today. Specifically engineered to allow for a one piece unit with an opening of up to 2400 mm square, this makes it an extremely cost effective way to bring natural light into internal spaces.

Installing a Pyramid Skydome® provides you with the flexibility to design any room away from the exterior walls while delivering natural light in a cost and energy efficient way.

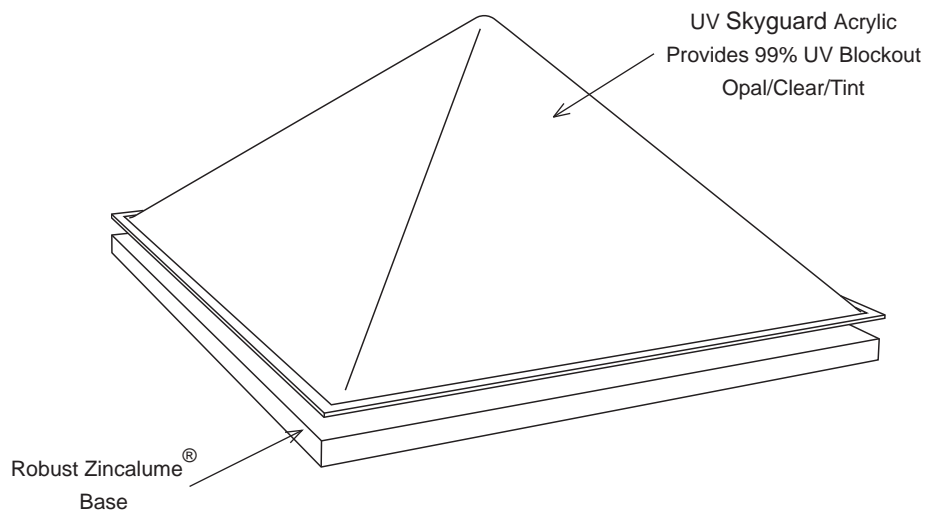

Skydome has been established since 1976 and is proudly Australian owned; your guarantee of quality workmanship and materials.
