# SKYDOME®

The Original Skydome® for TILE Roofs

The Skydome® skylight remains the number one choice when it comes to delivering natural light to any area of the home. Installing a Skydome® provides the freedom to design any room away from the exterior walls with the ease of knowing that you can provide natural light and ventilation in a cost and energy efficient way.

A Skydome® skylight will suit most types of roofing profiles and now comes offered in two unique flashing styles; traditional one-piece flashing and **NEW** press formed flashing pre-fitted for tile profiles.

Tested to Australian Standards (AS4285), the Skydome® skylight provides protection from harmful UV rays (99% UV Skyguard™) and are guaranteed not to leak.

Designed with an emphasis on Australian construction methodology and the harsh Australian climate, the Skydome® skylight system will make your rooms come alive!
